

The Survival

Humans were living a normal and peaceful life;
Until the pandemic invaded the world,
Can't even imagine how dreadful it could be,
Everyone is isolated
The world is upside down.

Humans can't do anything but to cry and suffer;
People have lost their occupation and businesses had to shut down,
People have lost their friends and love ones;
All are trapped in the same nightmare
And desperately want to survive.

I salute the medical professionals sacrificing their lives,
Fighting the virus to save the mankind;
Fear has gripped all of us,
But we never gave up the fight as a crisis brings out the best.

Humans are fighting for survival,
Uncertain and unplanned,
The choices are only for ourselves and
For the sake of the whole humanity.

We must care not only for themselves,
But for the whole of humanity,
Caring each other,
We will conquer this disaster.
